Environmental Policy

CMA Ecocycle's aim is to achieve a high standard of care and minimise our impact on the natural environment in all activities in which we are engaged. This depends on the commitment of all personnel within the organization.

CMA Ecocycle Pty Ltd will:

Conduct our operations in compliance with all relevant environmental regulations, licences, and legislation as a minimum condition.

Identify, monitor, and manage environmental risks arising from our operations.

Seek continuous improvement in environmental performance, operational processes, waste management and use of resources by:

- Monitoring and improving our work methods to minimise environmental impact.
- Analysing and continuously improving recycling rates.

Incorporate the principles and practices of conserving our natural resources and reducing pollution as essential elements of our integrated management system.

Provide adequate training and awareness for all employees and sub-contractors on environmental issues.

Communicate and consult regularly with our employees about our policy and individual's responsibilities.

Communicate with our customers, suppliers, contractors and sub-contractors, community, and external agencies about our environmental performance.

Establish and review environmental objectives and targets.

This policy statement is available to all interested parties and will be subject to regular review.
